It's as easy as 1 > 2 > 3

Step 1.

Tell us which of the following 3M™ Box Sealing Tapes you'd like to buy !

Scotch® Box Sealing Tape Groups

Product Group 1

Scotch® Box Sealing Tapes 311, 311+, 371

Product Group 2

Scotch® Box Sealing Tapes 3071, 3072, 3073, 372, 373, 375, 355, 313 and 315.

Step 2.

Tell us which of the following free product offers (1,2,3, 4 or 5) would best suit your needs

Free 3M™ Hand Dispensers valued at up to \$500 (Offer-1)

If you use hand rolls, you can choose this offer. Scotch® Manual Tape Dispensers from 3M are lightweight and are designed one or two full cases of free dispensers depending on the box sealing tape you purchase.

Free 3M-Matic™ Spare Parts Kit valued at up to \$800 (Offer-2)

If you already have a 3M Tape Machine, you may choose "3M Matic Spare Parts Kit" offer which includes applying rollers, buffing rollers, springs, bushings, cutting blades, and drive belts.

Free 3M™ AccuGlide™ Taping Heads valued at \$2235 (Offer-3)

You can choose this offer if you already own a 3M Tape Machine. 3M™ AccuGlide™ Taping Heads are patented with a curvilinear design that applies tape securely with low impact that helps protect even lightweight cartons and contents. You can choose an NPH model if you use 36mm to 48mm width tape or go with a model that applies 2" or 3" tape.

Free 3M™ AccuGlide™ Stainless Steel Taping Head valued at \$3000 (Offer-4)

You can choose 3M™ AccuGlide™ Stainless Steel Taping Head offer if your production environment has high moisture content. This model has steel construction so it's corrosion resistant. It features low-impact curvilinear motion so it exerts minimum force on case and maximizes system life. It also has flexible buffing roller and brush which compensate for case variation.

Free 3M™ AccuGlide™ Taping Head NPH valued at \$3000 (Offer-5)

You may choose this offer if you already have case sealing equipment from another manufacturer. This taping head fits virtually any case sealing system on the market, is available in painted metal and stainless steel, features a narrow profile design and up to 100 fpm taping speed. This taping head can help streamline your operations, maximize your productivity and improve your quality—no matter what brand of case sealer you own.
